

MISSION TRAIL
WASTE SYSTEMS

What happens to your garbage?

Ever wonder
where your garbage
goes after we
pick it up?

STRAIGHT TO
THE LANDFILL
where it may
NEVER fully
decompose!

**GO FOR
ZERO!**

Make zero waste your target!

Help reduce the amount of garbage taking up precious landfill space. Help conserve resources for future generations.

Mission Trail Waste Systems' programs and services are being offered to help reduce the amount of garbage we send to the landfill. To succeed, we need your help. Here's what you can do:

- Buy recycled products
- Buy products with limited packaging and packaging made of recycled materials
- Use durable items, like reusable utensils and dishes, instead of single-use items
- Invest in reusable bags
- Make the most of our convenient recycling and organics programs
