

Proud to Serve the Los Altos Community

Going Green can save you money! The Mission Trail Waste Systems Team is Here to Help

Draeger's Los Altos is one of the first local businesses to take advantage of the free compost and recycling programs offered by Mission Trail.

"It was a simple phone call to get the containers and start the service," says store manager Ron Piazza. "Working with Mission Trail has been great." He credits the organics and recycling programs with reducing the store's garbage bill by **over 50%**!

By "going green," Draeger's Los Altos and many other local businesses are reducing their bill and the amount of garbage being sent to the landfill. Whether your business is a market, restaurant, retail store, traditional office or other type

of establishment, contact us today—we'll help implement a recycling and/or composting program that's right for you!

Reduce Waste This Holiday Season: Send Cards That Won't End Up In the Landfill

Do you send a holiday newsletter or greeting card every year? If you do, please select one that won't end up in the landfill come January. Consider sending your message

electronically, or be sure to use recycled/recyclable paper. Avoid fancy foil (*even inside an envelope*) and plastic adornments. If sending a photo card, choose matte paper stock instead of photo paper. Print addresses directly on envelopes; don't use labels.

Make your customers' holiday shopping experience truly green by providing:

- reusable cloth shopping bags
- reusable or recyclable gift wrap
- reusable or compostable takeout containers

What's on the Web

At www.MissionTrail.com, you'll find:

- Service & Rate Menus
- Frequently Asked Questions (*and answers*)
- Paperless Billing Signup
- Account Access (*to confirm, change or add services*)
- Waste Reduction Tips
- Printer-Friendly Brochures
- Contact Form (*for asking questions any time*)

Holiday Schedule

Mission Trail Waste Systems observes the following holidays:

Thanksgiving Day
Christmas Day
New Years Day

Customers with Saturday collection will not receive service on Christmas Day or New Years Day; we will provide service on the Monday that follows each of those holidays. There will be no service delays due to Martin Luther King Jr. Day or Presidents' Day.

Businesses looking to reduce waste, increase recycling, and participate in a composting program, should contact our offices and ask for free assistance.

We have representatives like **Denise Donahue** that will visit your business in person and conduct a recycling opportunity assessment. Our friendly representatives will suggest methods for reducing waste and making the most of our collection programs. They'll also help make sure you have the collection containers and training materials you need.
