

## PROGRAM TIP: Scheduling Your Cleanup and Bulky Item Collection

Available appointment times fill up quickly during the Spring and Summer. Please contact us to schedule your appointment as far in advance as possible.

Special collection bags and a flatbed truck are used to provide this service and our route stops are predetermined according to our list of appointments. Residents of single-family homes are entitled to a Cleanup/Bulky Item Collection (*up to 4 cubic yards of garbage and 3 large items*) once every 6 months at no charge.

## PROGRAM TIP: Improve Service by Not Overloading

When the lid does not fully close or materials are tightly wedged inside, it's difficult for us to empty a cart. Servicing overloaded carts can damage equipment, create a mess, and slow down service. If you have more garbage, recyclables or organic materials than will fit into the appropriate cart, please contact us to arrange for additional service.
