

## Here's how it works:

- Prior to your scheduled cleanup day, two 4'x4'x4' bags will be delivered. Each bag will hold up to 2 cubic yards of garbage.
- Place the bags in the street curbside when you're ready to start filling them. When full, they may be too heavy to move out for collection.

- Fill the bags with miscellaneous items. Commonly disposed of items include: books, magazines, toys, clothing, exercise equipment, housewares, packaging materials (styrofoam blocks, large boxes), treated wood & yard trimmings.
- Next to the bags, you may put out up to three bulky items. Common bulky items include mattresses, sofas, dishwashers, water heaters and similar furnishings and appliances.
- Note: there is a charge to dispose of an item containing Freon. Also, refrigerator/freezer doors must be removed or taped/strapped shut when set out for collection.

- Instead of one bulky item, you may put out an e-waste item like a TV, computer monitor, printer, fax machine or VCR.

- Using a special flatbed truck, Mission Trail will return on your **NEXT** service day to remove the bags **AND** bulky items.
