

Proud to Serve the Los Altos Community

Best COVID-19 Practices To Help Keep Our Commercial Drivers Safe

Stop & Think

What goes where? Sorting properly is critical to keeping recyclable or compostable material out of the landfill. Organic materials should go in the green compost bin, while clean dry cardboard, paper, glass, metal, and plastics should go in the blue recycling. For more information regarding material sorting, please visit <https://mission-trail.com/LosAltos/files/commercial-guide.pdf>.

Break it Down

Optimize space in your blue bin and keep recyclables clean and dry. Break down all cardboard boxes and do what you can to save space in your blue bin to ensure it's not overflowing.

Keep Lids Closed

Do your part to keep drivers safe and eliminate litter. Trash should be secured in clear bags to prevent materials from blowing onto the street. Make sure all trash fits inside your bin with the lid tightly closed.

What's Open Los Altos!

A Collaborative Project of the Los Altos Chamber of Commerce, City of Los Altos and Los Altos Village Association, with the support of Los Altos Property Owners Downtown.

Our mission is to provide our community with one online location to ORDER, PURCHASE & DONATE to support Los Altos businesses through the COVID-19 crisis.

Ways to Help

As we all feel the impact of the current health crisis, many are wondering how to help. Visit <https://whatsopenlosaltos.org/> to find ways you can support local businesses and healthcare heroes.

Thank You!

Mission Trail Waste Systems would like to thank all the residents and commercial business owners that generously donated to the gift card drive for our trash & recycling drivers. A special thank you to Vice Mayor Neysa Fligor, Cara Barone, and Kristin Nord for organizing the campaign and making sure our hard working drivers were thought of during these unprecedented times.
