Convenient and affordable recycling!

Santa Clara businesses are encouraged to make the most of our mandatory recycling collection program. All franchised commercial businesses are eligible for a free 96 gallon toter, and larger sizes are available for a fee.

We are here to serve!

Did you know that Santa Clara businesses are able to have one bin cleaning per year, completely free of charge? Call us today to schedule your bin cleaning.

408-727-5365

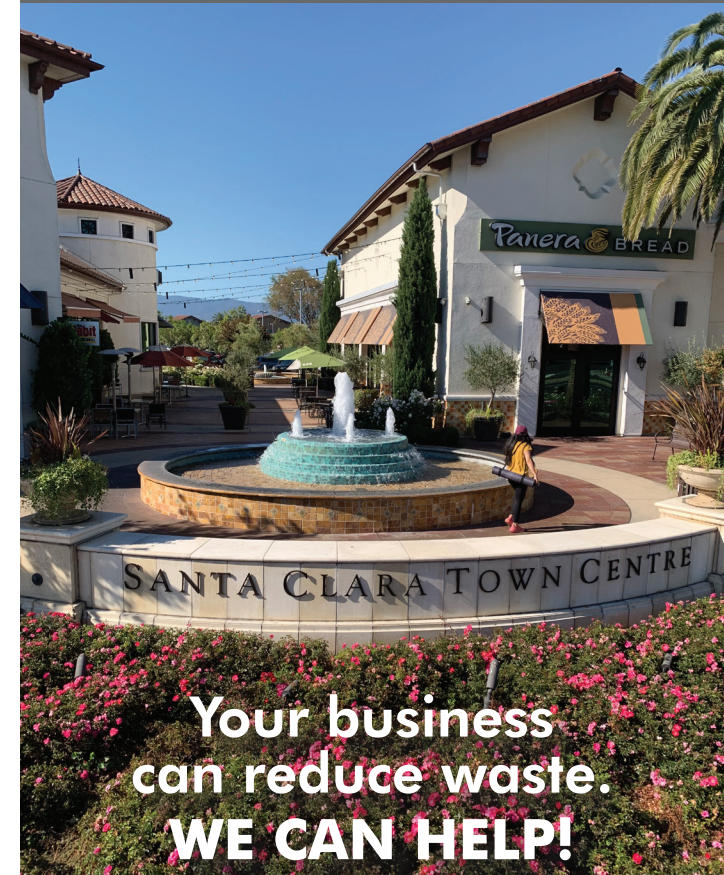

Call today for more information or to schedule a free visit from one of our helpful waste reduction experts!

What Goes in the Garbage?

NON-RECYCLABLE GLASS

- ceramics
- lightbulbs (no fluorescent)
- mirrors, tempered & window glass

NON-RECYCLABLE PAPER

- carbon paper
- laminated items
- metallic wrapping paper
- chip bags
- paper used for cleaning (soiled)
- photographs
- vacuum bags

NON-RECYCLABLE PLASTIC

- 6-pack rings (please cut)
- plastic film & wrap
- plastic plates & utensils
- plastic drinking straws & stir sticks
- records, tapes & CDs
- shower curtain liners
- tape (duct, scotch, masking)

TEXTILES

- cotton balls
- rugs & mats
- shoes, clothing & stuffed animals (that cannot be donated)
- sponges

NO RECYCLABLE MATERIALS

NO CONSTRUCTION OR DEMOLITION MATERIALS

OTHER

- balloons (latex & mylar)
- clothes hangers
- diapers
- feminine products
- foam & styrofoam
- hose (garden or rubber)
- pet feces
- rubber bands
- toothpaste tubes
- toys (that cannot be donated)

What Goes in the Recycling?

PAPER PRODUCTS

- corrugated cardboard & paper boxes – large or multiple pieces should be flattened and/or cut
- Shredded paper – in a paper bag, secured with a staple
- junk mail
- newspaper
- phonebooks & catalogs
- aseptic boxes – juice, soup & soy milk
- books up to 40 lbs.

GLASS BOTTLES AND JARS

- clean and dry

ALUMINUM & METAL

- aerosol cans (empty)
- cans & pans (clean and dry)
- scrap pieces up to 20 lbs.

PLASTICS LABELED 1-7

- bottles & jars (clean and dry)
- tubs & trays
- plastic bags – Protect the environment by avoiding single-use bags; reuse them when possible. When recycling multiple bags, use one bag and fill it with the others; tie off the full bag before placing in the recycling.

NO FOOD SCRAPS

NO GARBAGE OR ORGANICS

NO FOOD-SOILED PAPER OR PIZZA BOXES

NO STYROFOAM

WHY IS ORGANIC WASTE GOING INTO THE GARBAGE?

- The City of Santa Clara now provides mixed waste processing to franchised customers with their garbage service.
- California Senate Bill 1383 requires every jurisdiction to provide organics waste collection services to all residents and businesses.
- Mixed waste processing allows organic material to be separated from garbage before going to the landfill. The organic material captured by mixed waste processing is taken to a composting facility to meet state requirements for organics diversion from the landfill.

I ALREADY HAVE AN ORGANICS OR FOOD SCRAP BIN. WHERE SHOULD I PUT ORGANIC WASTE?

- You may continue to use your food scrap or organics bin, but these services are no longer mandatory. You are compliant with SB 1383 organics recycling requirements through mixed waste processing. Large food generators may be required to donate surplus edible food under SB 1383. For more information, visit www.calrecycle.ca.gov/organics.

HAZARDOUS WASTE HAS ITS PLACE. Hazardous waste does NOT belong in any of the Mission Trail Waste System collection bins. Please call the Santa Clara County Household Hazardous Waste line at 408-299-7300 or visit HHW.org for information on proper disposal of items like paint, car batteries, fluorescent bulbs, toxic cleaners, poisons, sharps and medications.

TREATED WOOD WASTE. Treated wood waste cannot be thrown in the garbage. Please visit <https://dtsc.ca.gov/> for information and disposal locations.
