## SB 1383

Starting in 2022, all jurisdictions will need to provide organic waste collection services to all residence and businesses and recycle these organic materials using recycling facilities such as:

- a. Anaerobic digestion facilities that create biofuel and electricity
- b. Composting facilities that make soil amendments

For additional information please visit [www.calrecycle.ca.gov](http://www.calrecycle.ca.gov) and search California Short-Lived Climate Pollutant Reduction Strategy.

**REMINDER:** Please place all food scraps, yard clippings and food soiled paper in your organics bin.
