SB 1383

Starting in January 2022, all commercial businesses generating food scraps, food soiled paper and any wet debris will have to subscribe to organic waste collection. All material collected will be recycled, using an approved processing facility such as:

- Anaerobic digestion facilities that create biofuel and electricity

Mission Trail observes the following holidays:

Thanksgiving • Christmas • New Year's Day

Customers may experience a delay in service when a holiday falls on a weekday. During a holiday week, service preceding the holiday is unaffected. Customers whose regular service day falls on the holiday or after, however, will receive service a day late. For example, during Thanksgiving week, only customers with Thursday and Friday service are affected. Thursday customers will have their containers serviced on Friday. Friday customers will have their containers serviced on Saturday.
