Convenient and affordable recycling!

Santa Clara businesses are encouraged to make the most of our mandatory recycling collection program. All franchised commercial businesses are eligible to receive 96 gallons of weekly recycling service at no charge. Larger service levels are available for a fee.

We are here to serve!

Did you know that Santa Clara businesses are able to have one bin cleaning per year, completely free of charge? Call us today to schedule your bin cleaning.

- NO FOOD SCRAPS**
- NO GARBAGE OR ORGANICS**
- NO FOOD-SOILED PAPER OR PIZZA BOXES**
- NO WAXED PAPER & BOXES**
- NO STYROFOAM**

Source separated organics collection is optional. Alternatively, your organics can be placed in the garbage for mixed waste processing. Mixed waste processing allows for organics to be pulled from the waste stream post-collection to be diverted from landfills.

California Senate Bill 1383 requires every jurisdiction to provide organics waste collection services to all residents and businesses. You are compliant with SB 1383 organics recycling requirements through mixed waste processing.

Large food generators may be required to donate surplus edible food under SB 1383. For more information, visit www.calrecycle.ca.gov/organics.

For questions about mixed waste processing or to make changes to your existing organics or food scrap services, please call Mission Trail at 408-727-5365.

HAZARDOUS WASTE HAS ITS PLACE. Hazardous waste does NOT belong in any of the Mission Trail Waste Systems collection bins. Please call the Santa Clara County Household Hazardous Waste line at 408-299-7300 or visit HHW.org for information on proper disposal of items like paint, car batteries, fluorescent bulbs, toxic cleaners, poisons, sharps and medications.

TREATED WOOD WASTE. Treated wood waste cannot be thrown in the garbage. Please visit <https://dtsc.ca.gov/> for information and disposal locations.
